HIGH-PERFORMANCE LEADERSHIP®

PERFORMING FOR SUCCESS

AN INTEGRATED TRAINING SYSTEM THAT BUILDS PERFORMANCE & DEVELOPMENT SKILLS FOR EMPLOYEES

Performing for Success® is part of the ***High-Performance Leadership***® training and development system. It is geared specifically for front line employees and it addresses the following areas:

- Why enhancing your performance is so important to your organization and the customers you serve
- How your supervisor or manager will work with you to do that
- How you can be more effective in your job and be an active participant in managing your own performance

PROGRAM OBJECTIVES

More specifically, participants will learn how to:

- Set goals in cooperation with their supervisor
- Focus on high performance and meet or exceed performance expectations
- Be an effective team member by being able to work cooperatively with others to get the job done
- Seek coaching & feedback from your supervisor
- Pursue self-development because ultimately, it's your responsibility

We help people and organizations grow through the systematic approach of RIGHT FOCUS, RIGHT PEOPLE and RIGHT EXECUTION. Our *High-Performance Leadership Program* links organizational goals with day-to-day delivery. *Performing for Success* helps employees to be more constructive and proactive in their own development and gives them a better understanding of their role and their supervisor's role in managing and leading performance. This program will help individuals, teams, and ultimately your organization, execute with excellence.
